CHANGES IN RURAL ROUTES

Mail Delivery in Lincoln County To Be Greatly Facilitated—New Route From Crab Orchard

Several important rural route revisions are to be made by the Post-office Department in Lincoln county on the 1st of September all of which have been sought by Congressman Harvey Helm for some time. When put in effect they will greatly facilitate the delivery of mail to the patrons on the routes affected. Postmaster Florence gives the Interior Journal the following bulletin of the changes which will go into effect on the date named.

Rural Route No. 4 will not run east of Preachersville, having been reduced in length four miles on account of a new rural route which will start from Crab Orchard and go to the south end of the county. Postmaster Florence gives the Interior Journal the following bulletin of the changes which will go into effect on the date named.

Rural Route No. 2, going out the Danville pike, has been increased in length to serve three miles further to the residence of E. O. Brown, and then retrace to Logan's corner.

Rural Route No. 1 from Waynesburg has been reversed and the carrier will exchange mail with Rural Carrier No. 3 out of Stanford daily except Sunday. Mail from Stanford for points on Waynesburg Route No. 1 can be directed to these points via Rural Route No. 3, Stanford, thereby making direct connection for the above points, Ottenheim, Highland and Waynesburg.

Previously most of the mail out of Stanford for Ottenheim, Waynesburg and most other southern points in the county had to go to Junction City from here over the L. & N., transfer there to the Cincinnati Southern to Waynesburg and then go out on a Waynesburg rural route the next day. Mail could be sent to Louisville much quicker than to many points in Lincoln county, and it is believed that these changes in the rural route systems will remedy such defects in the mail delivery system.

TRUSTEE ELECTIONS

To Be Held in Lincoln County School Districts Saturday.

Election of trustees in the school districts of Lincoln county will be held Saturday, August 5th. But very little interest is being taken in these elections although it is very important that the best men be chosen for these places as the trustees also elected have the government of the county schools in their hands, select the members of the County board of Education and teachers.

In many of the districts no nominations have been made for trustees, and in only two districts in the county are there contests over the place. These are in Stanford subdistrict No. 9, division 1 in which both W. C. Camden and L. T. Smith are seeking the trusteeship, and in Waynesburg subdistrict No. 5, division 3 where J. T. Bell and C. M. Estes are candidates. An election will be held at Rowland at the same time on the question of voting a 25 cent additional tax on the \$100 worth of property for the purpose of holding a longer term of school.

O'BANNON--HOWENSTINE

Popular Stanford Girl Weds Oklahoma Man Here Last Wednesday.

The wedding of Miss Roberta O'Bannon and Mr. Emanuel Jay Howenstine was solemnized on Wednesday afternoon at 3 o'clock in the O'Bannon home on Lancaster street.

The hall and parlors were used for the occasion being gracefully decorated with smilax, honeysuckle and sunflowers. The lights were shaded with a pale green, and white and green candles were used to further carry out the predominant tones.

Between the two parlors the arch was entwined with honeysuckle, and beneath it was the satin pillow surrounded by white roses. In the hall where the piano was placed Miss Ferguson who has a lovely soprano voice sang "Oh Promise Me," and was accompanied by Miss Ellen Ballou.

Immediately after the song, Miss Ballou began the march from Lohengrin, and to it the bridal party entered. The ushers, Messrs. Lester O'Bannon and Welch Rochester preceded the maid of honor, Miss Colvin who wore a charming gown of yellow mesaline veiled with gold net and trimmed in gold roses. She carried a bouquet of yellow asters. Miss O'Bannon on her father's arm then entered by way of the hall, while Mr. Howenstine and his groomsmen, Mr. Patterson entered thru' the second parlor. Rev. D. M. Walker performed the ring ceremony during which Miss Ballou played softly the familiar and beautiful Ascher Nocturne.

The Mendelssohn march was used for the exit of the party. The bride and groom left shortly on their wedding trip to the lakes and Mr. Howenstine's former home Bellefontaine, O.

The bride's going away suit was of dark blue with hat and veil to match her wedding dress was a lovely creation white silk marquisette over satin with trimmings of real lace. She wore the conventional wedding veil becomingly caught on top with a spray of valley lilies; her bouquet was of valley lilies and bride's roses.

Many useful and handsome gifts testified the high favor in which the young couple is held. The bride has always been a Stanford favorite by reason of her charm and splendid character, while the groom is a well-known capable young man of Muskogee.

Among other presents, Mr. Howenstine's gift to his bride was a beautiful diamond bar.

FOR REPRESENTATIVE

William H. Shanks announces his candidacy for Representative from Lincoln county, subject to the action of the Democratic party.

Editor Watterson continues to rant and tear his hair over the prospects of the Democratic state convention on August 15th inserting a county unit plank in the state platform. And in the meantime almost every democratic paper in the state is declaring that such a plank should be there. Marse Henry talks about the tide toward "Paternalism," "federalism," and other isms in his double-barrelled editorials and thinks that the adoption of a complete county unit law is simply a step toward state-wide prohibition. He is trying mightily hard to make the liquor question an issue in the coming campaign, but we do not believe that he will succeed.

The great editor insists that local option and not county unit is democratic, but it looks to us like splitting hairs or defining the difference between tweedledee and tweedledum. Democracy to us seems best defined as where the people themselves rule. There is on gainsaying the fact that in Kentucky the unit of government of the people is in the county. There is no precinct rule; there is no district or township organization; the basis of the governmental fabric of the state is in the county, and it strikes us as eminently democratic that the people of each county shall have the right to say how their community shall be governed. It is true there is the city government in the counties of the state the citizens of the organized cities in a county compose but a very small proportion of the county's population.

The present law in which the cities of larger population are made the governing unit unto themselves, strikes us as being eminently just and was so accepted by the temperance leaders at the session of the legislature at which it was enacted but if the majority of the democrats of the state believe it ought to be further extended, we are willing.

We believe the people of a county are sovereign and none of Editor Watterson's thunderbolts can ever make us think otherwise. It is true democracy where the people govern their will is absolute as to how their community shall be regulated, and controlled. And the people speak through a majority of their number. If there is any truer democracy than this we would be glad for the editor of the Courier-Journal to enlighten us.

Ex-Governor Vandaman was nominated for U. S. Senator by the democrats of Mississippi in a three-cornered primary this week by a big majority. Vandaman ran as the candidate of the people and he suits us.

Senator Joe Bailey, of Texas voted with the republicans and helped to cripple the democratic farmers' free list bill in the Senate. The sooner Texas takes its toga from Bailey the better for Texas and the country at large.

Ambiguous.

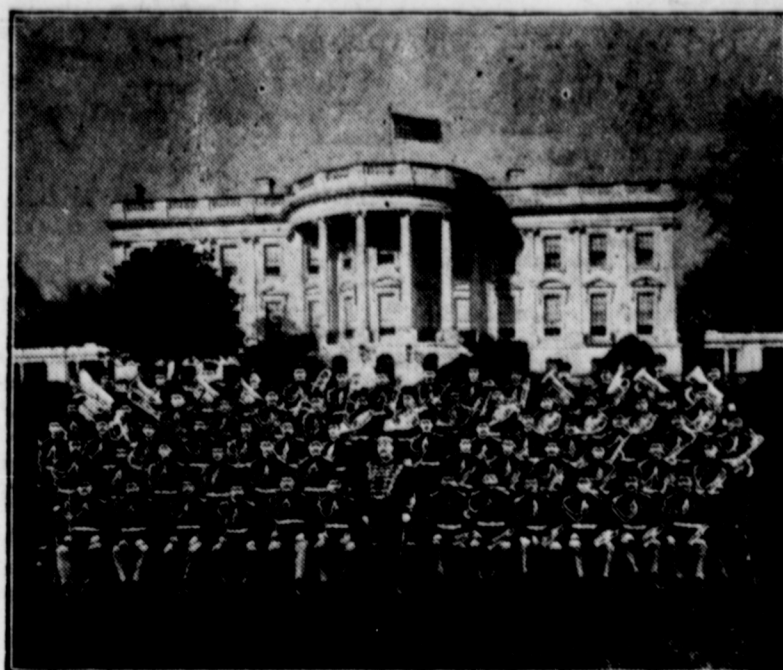

When "Bob" Burdette was addressing the graduating class of a large eastern college for women, he began his remarks with the usual salutation, "Young ladies of '97." Then in a hurried aside he added, "That's an awful age for a girl."

Bed as a Paradox.

The bed is a bundle of paradoxes. We go to it with reluctance, yet we quit it with regret; we make up our minds every night to leave it early, but we make up our bodies every morning to keep it late.

U. S. MARINE BAND WILL PLAY AT THE BLUE GRASS FAIR

Coming of This Musical Organization Indicates Importance of the Big Exposition Week of August 7th to 12th

United States Marine Band, from Photograph Taken in Front of the White House, Washington D. C.

The most remarkable opportunity that has ever been offered the people of Kentucky in a musical way will be the appearance of the famous United States Marine Band, which comes from Washington City to play at the Blue Grass Fair at Lexington throughout the week of August 7th to 12th.

Conceded by competent judges everywhere to be the best organization of its kind in the world, the fame of the Marine Band has extended to every section of the country. It may be truthfully stated that in very large degree it was this band which made John Phillip Sousa, the noted band master, famous. Under his direction the Marine Band attained a degree of eminence that brought it into international prominence and during the term of its present leader, Lieut. William A. Santelmann, it has fully maintained the standards then set.

The mere statement that the Marine Band is coming to the Blue Grass Fair carries with it a tremendous testimonial of the importance of the big exposition which will hold forth at Lexington during the second week in August. Never before has this noted organization appeared on the grounds of any fair—state, district or county. Indeed, only in instances of the largest expositions, such as the World's Fairs at Chicago and St. Louis, has it been allowed to leave Washington. Its coming to Lexington is the result of three years' work on the part of the management of the Blue Grass fair.

Efforts have been made continuously for each of the past three years to secure this great organization, but without success, until the present season. And in this instance the result has been achieved only through the powerful influence of Hon. Champ Clark, speaker of the house of representatives, who through personal effort secured the consent of the President of the United States and of the secretary of the navy, to allow the band to make the trip. Each of the men composing the organization is entitled to a furlough for a brief period every year. By granting all of the furloughs for the week of August 7th to 12th, the navy department made possible the engagement of the band by the Blue Grass fair without violating its own rule.

Throughout the summer months the Marine Band gives a concert on the lawn in front of the White House at Washington each Saturday afternoon. After the regular concert on the afternoon of August 5th, it will take a special train to Lexington, arriving over the C. & O. railroad on Sunday, August 6th. Sunday evening a special sacred concert will be given at the Blue Grass fair grounds and each afternoon and evening throughout the week of the fair this splendid band will furnish the music.

The opportunity that will thus be afforded the people of Central Kentucky is absolutely unprecedented. Any lover of music would gladly pay from \$1.00 to \$1.50 to hear such an organization as the Marine Band, but at the Blue Grass fair prolonged concerts by this band will be heard and innumerable features of the greatest interest will, in addition, be offered—all for the admission fee of fifty cents. It, therefore, seems reasonable to suppose that on the strength of this one feature the management of the fair may anticipate record-breaking crowds.

At each concert not only will an excellent program of instrumental music be given, but there will also be varied vocal selections. The Marine Band has its own chorus of splendid male voices and the programs will be so arranged as to give the audiences the full benefit of the training and the melody of these voices.

There is more to be said of the county than as other districts were to start, and all the year was supposed to be a success. For a very many years doctors pronounced it a local disease and provided local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hays' Catarrh Cure, manufactured by F. J. Cheney, 210, Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in some form of drops to a lemon juice. It acts directly on the blood and mucous surfaces of the eye, ear, nose, throat and lungs. It is a blood purifier for any case it fails to cure. See for details and testimonials. A. J. Do Your Cooking in the Cool

A hot kitchen is little better than a prison in summer. But the range is there, so all the cooking and the washing must be done there, too.

What a relief it would be to move the range where you pleased. You can do this with a New Perfection Oil Cook-stove—cook your dinner out on the porch, if you like. It is the only range that is really portable—that works equally well in any place. There are no connections to be made, as in a gas range; no wiring, as with an electric stove; no sooty flues and ash-filled grates, as with coal or wood.

The long, enameled chimneys carry the heat directly up to saucepans, oven or boiler; you get full value from your fuel, without waste.

This Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is simply not dynamic like some pills and powerful cathartics, which should not be given to children anyway.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—over night wonderful results have been secured with Syrup Pepsin.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him: Dr. W. B. Caldwell, 602 Caldwell Building, Monticello, Ill.

FISCAL COURT

Pays Out \$8,000 in Road Claims and Other Items.

The Fiscal Court held a short meeting this week for the purpose of allowing road claims and attending to other business which might come before the body. About \$8,000 was paid out in claims for the work on the dirt road of the county.

The magistrates voted themselves pay for 27 days' work in superintending reconstruction and repairing of the turnpikes, amounting to about \$81 apiece. This is one-third of the annual sum of \$250 which the court voted to each magistrate for looking after the roads in his magisterial district.

The court allowed Bledsoe Bailey as livestock inspector \$66 for his services from April to August, but refused to pay a bill for \$135 he presented for his expenses during that period. They however voted to allow him \$50 for expenses in addition to his salary from now to next April.
